ROBO STEAM ACADEMY — Teachers' Toolkit

Where to download the PicoBot Teachers' Toolkit in five languages

1. The toolkit

Teachers' ST(R)EM: Robots in STEM Toolkit — everything a teacher needs to teach robotics and programming with **PicoBot**, a small mecanum-wheel robot with an arm, built on the **Raspberry Pi Pico 2 W / Pico W** and programmed in **MicroPython**: lesson plans for 32 double sessions (full course) or 10 sessions (short course), student materials, slide decks, quizzes, reference documents, methodological guides and all lesson programs.

Every document is available as **PDF** (to read and print) and **Word** (to adapt).

2. Download

Each language is a shared folder on the project's cloud. Open the link and use the **Download** button to get the whole folder, or open single documents in the browser.

Language	Link
English	https://cloud.streamitproject.eu/index.php/s/yN5Rb28KStpXd7Y
Български (Bulgarian)	https://cloud.streamitproject.eu/index.php/s/rRPCdZygnjXnLC5
Română (Romanian)	https://cloud.streamitproject.eu/index.php/s/6ZyCwBNYEp6a9oz
Slovenčina (Slovak)	https://cloud.streamitproject.eu/index.php/s/K795484WefcyXdN
Українська (Ukrainian)	https://cloud.streamitproject.eu/index.php/s/BfrKJKxNok568b7

> **Note**
>
> The folders always contain the current version of the toolkit; the version number is printed in the footer of every document. English is the master version. The Bulgarian, Romanian, Slovak and Ukrainian editions were translated with the help of artificial intelligence; native speakers of the partner countries check them.

3. Start here

1. Read the **Teacher's Guide** (folder `teachers/0_start_here/`): course plans, classroom organisation, safety.
2. Build and set up the robots with **A2** Assembly and maintenance and **A3** Software set-up (folder `teachers/3_reference/`).
3. Teach with the **teacher edition** of each module (`teachers/1_modules/`) and its slide deck (`teachers/2_slides/`). The student materials are in `students/`, the lesson programs in `code/`.

4. Videos and robot programs

Seven videos with subtitles in English, Bulgarian, Romanian, Slovak and Ukrainian (press **CC** on YouTube):
